Chapter 3

Two people in one group.

I don't want to study theory... I'm too far away from the window to enjoy the view, too...

What if I can't see Clara today?

...Therefore, you could resemble your parents just by eating the same kind of plants, even if you're not blood-related.

You need to be aware of rare plants, and be familiar with using common plants in order to show your expertise in magic.

You could learn how to process rare plants, and use common plants in a unique way

SHAK

In our class from now on, many projects

I don't have many glass fragments left. I guess that's because I threw away the ones that floated...

I'll need to get some more again.

"Let me know if you need anything else!"

All right

Listen up now;
I'm going to tell you
what's for homework.

Use that plant you
are most familiar with to
make something you wouldn't
normally make with it.

I don't mind
if you pair up with
someone. I'll make
up a list soon.

That's all
for today's class!
Dismissed!

VANILLA AAAAAAAAAA!!!

Oh, you heard me.
It'll be right down.
Just wait a sec~

Oh...
Alright.

...Who is that?

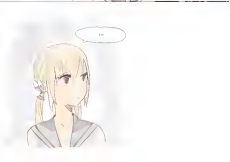

...Hm...

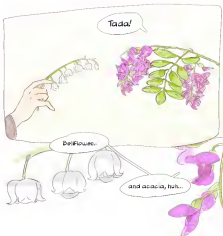

Mm... Hm...

This is a weird project. I usually use bellflowers to make tea, bath essences, and potpourri. What about you?

Same. But in my case, I've got a tree. I can't really cut it down, so...

Had... it's really strange, indeed.

Yeah...

Something we normally wouldn't make...

Hnnngg!!

Ah~! I don't know!

Hmm~
Is that why?

I like being near you,
because I somehow manage
to stay wide awake.

Yep. I was
really interested,
so I even looked
up your name.

Haha...

You say that,
but you still look
pretty sleepy..

Haha~

I didn't know
we were in the same
class! Did you?

Hmm...

To be continued...
